RUSSIANS CRUSH BIG-SCALE GERMAN ATTACK IN CRIMEA

Three British Destroyers are Sunk in Mediterranean

Hitler Believed To Be Developing First Offensive Of Year

BY ROGER D. GREENE
Associated Press War Editor

Russia's armies were reported today to have crushed a big-scale German attack in the Crimea, frustrating a Nazi drive toward the great Caucasus oil fields, after four days of heavy fighting.

Soviet dispatches said the Germans apparently were trying to develop their first full-fledged 1942 offensive.

A bulletin from Adolf Hitler's field headquarters said German and Rumanian troops, supported by strong Nazi air force units, opened the attack on the Kerch peninsula last Friday.

"The battle since then has been in full swing," Hitler's headquarters said.

A Berlin broadcast quoted a German military spokesman as saying the Crimean action was "the first great offensive operation since the winter defensive."

While a Soviet mid-day communique reported that "nothing important occurred last night," indicating that the German assault had stopped at least temporarily, a German military spokesman declared:

"Hell has been let loose over the Bolshevik positions in the Kerch peninsula."

German sappers and infantry were said to have landed behind Russian lines under fierce fire.

Berlin military quarters acknowledged the importance of the Kerch front but shied at describing the new action as the start of a German "spring offensive."

Military advisers reaching London said the German onslaught collapsed against the Red army's stubborn defense and that counter-attacking Russian troops drove the invaders back into their original positions with heavy casualties.

London military quarters said reports that a German army of 100,000 troops had launched an offensive on the Donets river front, in the Ukraine, were "completely unfounded."

A German communique indicated that the Russians were attempting to land sea-borne reinforcements to check the assault, reporting that German planes sank two Soviet transports totalling 10,000 tons and several small vessels in attacks off the Kerch Peninsula and off the southeast coast of the Sea of Azov.

A Nazi broadcast said the drive was marked by the introduction of new, improved weapons.

The London Star today published a Vichy news agency dispatch quoting Bucharest sources as declaring that a new type of German land mine had deceived the Russians into believing the Germans were using poison gas.

Actually, the dispatch said, the new-type explosive "causes a considerable decrease in pressure and neutralizes oxygen in the air over radius of 300 yards."

A German spokesman again denied that Hitler's armies had reported to this outlawed form of warfare, asserting that the combat battles would prove the Germans needed no gas.

Meanwhile, a Soviet communique reported that a big munitions works in Munich, Germany, had been blown up and attributed it to "outraging resentment of the German people to the criminal Hitler clique."

The communique said walls and fences in Munich, the birthplace of the Nazi movement, were plastered with such slogans as "Down with the Criminal War!"

LATE WAR BULLETINS

London, May 12.—(P)—Prime Minister Churchill said today that the German invasion becomes more and more a possibility "but that any attempt of the Germans to land in Britain would be a descent into a hornet's nest."

Washington, May 12.—(P)—Legislation authorizing establishment of a women's army auxiliary corps was approved by the senate today and sent to the White House.

Cairo, May 12.—(P)—The 14 destroyers of Malta shot down 14 Axis raiders in the 24 hours ended at noon Monday, the RAF said today in a communique.

London, May 12.—(P)—An unemployed miner and a bus driver reported today seven of 10 Italian prisoners who escaped from a camp Sunday night.

Washington, May 12.—(P)—A States military striking force of nine million men is being considered in Washington legislative circles.

Washington, May 12.—(P)—The navy announced today that a medium-sized Dutch merchant vessel had been torpedoed off the Atlantic coast.

HIDEAWAYS OF ARMADA ARE SOUGHT

Allied Fliers Continue To Track Down Scattered Remnants of Enemy Fleet

EXPECT NEW THRUST

Allied Headquarters, Australia, May 12.—(P)—Japan apparently still is paying a disastrous price today for her defeat in the Coral Sea as General MacArthur's headquarters announced that Allied fliers tracking down the scattered, hiding remnants of the great enemy invasion armada and other units had damaged two, and probably three, more ships.

This raised the count of Japanese losses in the six-day battle in the sea gateway northeast of Australia and in its sequel, a ceaseless search of island hideaways, to 23 or 24 ships in the eight days from the start of the Coral Sea battle through yesterday.

Nevertheless, Japan's plans have only been delayed and the threat still hangs over Australia that she will try again to smash southward. Air Minister Arthur S. Drakeford warned.

Two more enemy transports—casualties numbers 22 and 23—were hit yesterday in the Solomon Islands, which enclose the Coral Sea on the north, a communique from General MacArthur's headquarters announced.

The possible 24th Japanese casualty was a large tanker on which, the communique said, air raiders registered two hits to near misses in the Deboyne islands off the Louisiana group, a cluster of tiny islets in the Coral Sea off the southeast tip of New Guinea.

An army spokesman said the Louisiades definitely were not occupied by the Japanese, explaining the enemy had landed a few stores and supplies from boats and planes but apparently no ground forces.

The presence of a large Japanese tanker in the treacherous waters off the Deboyne, the largest of which, Panatelli, is only about four miles long, would indicate that the Japanese invasion forces were seeking shelter from the Allies' sea-scouring air patrols wherever they could find it.

In the Coral Sea battle itself, Japan lost 17 ships.

LONG AUTO TRIP
Washington, May 12.—(P)—Senator Reed (R-Kas.) is leaving by automobile tomorrow for a two-week visit in Parsons, Kas., his home.

The British forces are in West Burma guarding the approaches to India. They last were reported on the Chindwin river, a tributary of the Irrawaddy.

The British success was "in the vicinity of the ferry" (possibly across the Chindwin).

The Japanese attacked with light machineguns and mortars and their original force of 300 were reinforced. The British absorbed the first shock and counterattacked driving the enemy to the south, the communique said.

MORE HOLLANDERS EXECUTED BY NAZIS

London, May 12.—(P)—The German occupation forces in the Netherlands executed today 24 more alleged leaders of a secret anti-Nazi organization, bringing to 96 the number of Hollanders shot for alleged complicity in a plot to pave the way for an Allied invasion, the Netherlands radio announced.

The 24 were charged with espionage and possession of arms.

SINKING AVENGED

Rio De Janeiro, May 12.—(P)—The newspaper A Noite quoted official circles as saying today that the submarine which torpedoed the 6,692-ton Brazilian steamer Parahyba near Trinidad last month had been sunk by United States naval planes.

So a new organization—the American War Dads—was born in Kansas City today to assure the armed forces that dad is going all out for them at home.

Nat Milgram, grocery store executive, came home with the idea from a visit with his son, Lester, at Camp Lee, Va.

Papa Milgram just had seen the soldiers there contribute on a 100-

per cent scale \$1.25 each of their \$21 a month pay for war bonds.

The organization is a non-profit, co-operative group.

Among things the members intend to do "as soon as we spread out to other towns of the nation," says Milgram, is to see that a man in uniform gets complimentary tickets to sports events, and "invitations to play on golf courses."

The only qualification for membership is to have a son or foster son in the armed forces.

Nazis Decree French Must Extend Work

German Military Command Issues Sweeping Order For Factories

PETAIN IS IN VICHY

Vichy, Unoccupied France, May 12.—(P)—The German military command in France issued today a sweeping decree taking to itself powers to increase working hours in French enterprises and ordering employers to report immediately the number of categories of workmen made available for other work as a result of longer hours.

(Presumably the order applies only to the occupied zone.)

Despite abolition of the old popular front laws, a large proportion of French industry has been working a 40-hour week, and even as little as half that in order to spread the limited employment possibilities since the armistice.

The decree of Gen. Otto Von Stuepnagel, military commandant of occupied France, said minimum working hours would be set by the economic service of the occupation authorities. Lengthening of hours would render many persons unemployed, and it is with them that the census order deals.

Simultaneously, Chief of State Petain returned to Vichy today on a special train from his suddenly interrupted holiday on the Riviera and immediately began a series of conferences with the chief of government, Pierre Laval, and various cabinet members.

It was said that the marshal's vacation was cut short "because of circumstances," the nature of which still was not revealed at noon.

An official statement was issued after the conference between Petain and Laval informing the public of the marshal's arrival and of the conference.

The big Paris radio station Radio-Paris remained silent for the third successive day. The reason was undisclosed, but a technical breakdown was known to have affected some apparatus.

(Sabotage of the radio tower previously has been reported.)

Husband Slays Pretty Bride

New York, May 12.—(P)—Nathaniel Ballenberg, 33, was charged today with strangling to death his pretty bride during the first argument of their 16-month marriage.

"I did it, I did it," Assistant District Attorney Louis A. Pagnucco quoted Ballenberg as saying after surrendering to police last night. "Why are you sympathizing with me?"

The body of his 26-year-old wife, Ruth, was found in the East-poultry by restaurants on certain days "to allow domestic consumers (housewives) to purchase a reasonable share of the supplies available."

Restaurants must be closed from midnight to 5 a. m. except for especially licensed places catering to night workers and travelers.

Rules For Britain's Eating Houses Fixed

London, May 12.—(P)—Food Minister Lord Woolton announced today that beginning June 1 the price of restaurant meals would be limited to five shillings (about \$1) and the number of courses to three.

He told the house of lords that a government order also would enable the food minister to prohibit the serving of fish, game and poultry by restaurants on certain days "to allow domestic consumers (housewives) to purchase a reasonable share of the supplies available."

Restaurants must be closed from midnight to 5 a. m. except for especially licensed places catering to night workers and travelers.

MARTINIQUE NEGOTIATIONS NEAR BREAK

Goering and Petain Believed Planning Meeting To Discuss Final Decisions

WASHINGTON IS TENSE

Bern, Switzerland, May 12.—(P)—With French-German negotiations reaching a state of urgency, Reichsmarshal Hermann Goering may meet tomorrow with Chief of State Petain and Chief of Government Laval to reach final decisions. It was reported today in foreign diplomatic quarters.

These quarters predicted that the French would refuse to accept the Martinique negotiations as one of the great decisions, with a resultant break of relations with the United States.

It was reported that Otto Abetz, Adolf Hitler's representative in Paris, and Laval met yesterday at Moulins, on the French demarcation line, and laid the groundwork for the expected meeting with Goering.

BY WADE WERNER

Washington, May 12.—(P)—Suspense and uncertainty were injected into the question of Martinique and other French overseas possessions today by the sudden decision of Chief of State Marshal Petain to cut short a Riviera vacation and hasten back to Vichy.

State department officials said they had no information which would shed light on Petain's move, but in other quarters it was suggested the Axis powers might be exerting pressure on the Vichy government to undertake some desperate action in retaliation for the Madagascar occupation and what they called the American "threat" to French western hemisphere possessions.

It was recalled that pro-Nazi Pierre Laval's sudden return to (Turn to Page Nine)

Norwegian Instructors Are Tortured

London, May 12.—(P)—The Norwegian government-in-exile charged today that German occupation authorities in Norway had established a concentration camp at Joerstadmoen where 700 school teachers were systematically tortured "to break them physically and spiritually."

In an 8,000-word document, the government reviewed alleged attempts by Major Vidkun Quisling, the puppet premier, to Nazify the school system through threats and terror and asserted that 1,200 teachers who refused to join the Nazi teachers organization were in concentration camps.

After 14 days of a terroristic regime, the statement declared, 20 of the 700 teachers collapsed and agreed to withdraw resignations from the Teachers' Front, but the remainder held out.

Five hundred of the more obstinate teachers were thrown aboard the 38-year-old ship Skjersstad, bound for forced labor in the Arctic, the statement added. It said the teachers were "packed into the hold where they had bare standing room."

FIVE MINERS KILLED

Fort Smith, Ark., May 12.—(P)—An explosion at the Peerless Coal Company mine at nearby Excelsior, in which five miners were killed and two others seriously injured, apparently was caused by gas or dust, W. H. Lewis, mining company president, said today.

Prison Shops Ready to Help

Harrisburg, May 12.—(P)—Pennsylvania's nearly 7,000 prisoners are impatient to get busy on war production.

The facilities of prison workshops have been made available and a ruling of the United States attorney general has cleared the way. Advice has been sought from Washington on how best to go about the job of letting prison inmates speed final victory.

E. Arthur Sweeney, secretary of welfare, submitted details on available floor space and machines to federal officials and reported himself "ready to help in any way I can."

Director of Production is Speaker at Meeting Held In Bradford

LOCAL MEN ON BOARD

Bradford, May 12.—(P)—Pennsylvania oil producers won praise from Donald R. Knowlton, director of production of the Office of Petroleum Coordinator, for the "job they have been doing" in boosting petroleum production.

Knowlton spoke last night at a joint meeting of the Pennsylvania Grade Crude Oil and Bradford District Pennsylvania Oil Associations. An off-the-record report of wartime problems was given by Fayette B. Dow, general counsel for the Pennsylvania Grade Association in Washington.

Knowlton urged the fullest cooperation with the government during the war, explaining that the oil industry was being forced to produce a maximum amount of oil with only 58 per cent of the normal steel requirements.

Both groups elected directors and adopted resolutions expressing confidence in the petroleum coordinator.

The Pennsylvania Grade Crude Association directors, who will later elect officers include H. A. Logan and W. F. Clinger, both of Warren.

The oilmen adopted a resolution renewing their pledge of full cooperation with the petroleum coordinator and re-expressing confidence in him and his staff. Both groups elected directors.

Lad Accused Of Sabotage In Cleveland

Cleveland, May 12.—(P)—The U. S. district attorney's office announced today that Donald Kintner, 20, would be charged with sabotage the shooting of a locomotive engineer in an effort to halt a trainload of war materials.

The maximum penalty on conviction under this charge is 30 years' imprisonment plus a \$10,000 fine.

Jerome N. Curtis, assistant U. S. district attorney, said Kintner would be accused of hitting New York Central Engineer F. J. Becker with a 22 caliber bullet last Friday near Elyria, O. His fireman took over the train's controls and brought it to the next station. Becker suffered a head wound but is recovering.

D. W. Taylor, chief of police for the New York General, announced Sunday that Kintner, whose home is at Elyria, admitted he "took a shot at the engineer" and also that he had fired several shots into a signal tower mechanism last week.

Quintuplets Expected But Triplets Arrive

Abingdon, England, May 12.—(P)—Shucks, they were only triplets!

After getting all of England all excited upon the basis of medical reports and having neighbors knit layettes for quintuplets—or quadruplets at least—three children were born today to Mrs. Emily Wooley, 28, and her soldier-husband, Private Arthur Wooley.

"It's a boy" in triplicate. Fulfilling the mother's wish, the babies arrived on the fifth anniversary of the coronation of King George VI, the birthday of the Wooley's first-born, John.

Neighborhood Mystery For 30 Years Is Cleared Up By Fire

Philadelphia, May 12.—(P)—The identity of an old woman and her invalid son, a neighborhood mystery for nearly three decades, was brought to light today—a few hours after the inseparable pair burned to death clasped in each other's arms.

Papers left undamaged when fire swept their 150-year-old home identified the victims as Mrs. Margaret Hall, 70, and Hughie S. Hall, 29, an invalid since birth.

Firemen fought the flames for an hour before reaching the bodies. They also found the body of one of the two dogs of the household.

No one in the neighborhood—the oldest section of Philadelphia—could be found who knew of the victims' relatives or how they had subsisted. The mother never left the house without her son, one elderly neighbor said. He was generally confined in a wheel chair. "She cared for him as a child," he said.

Report of Admiralty States That Lively, Jackal and Kipling Were Bombed By Germans

ALL OF LATEST TYPE

London, May 12.—(P)—The British admiralty announced today that three British destroyers had been sunk by German bombs in the Mediterranean.

The destroyers were the Lively, Jackal and Kipling.

More than 500 officers and men from the three ships were saved. Complements of the three ships were believed to total about 600 officers and men.

All three were new, the Lively, 1,920 tons, having been completed in 1940, and the other two, each of 1,695 tons a year earlier. Normal complements of the smaller ships were 183 men, the Lively's probably somewhat larger.

Rally To Be Held Here By S. A. Groups

Warren has been selected by Brigadier William G. Harris, Salvation Army divisional commander for western Pennsylvania, as a center for the spring Salvationist rally in this area. It was announced today by Major B. E. Flinn, local corps officer. The rally will

Brigadier Harris

be held in the Warren citadel on Monday evening, May 18, at 7:45 o'clock.

Communities which will unite with the Warren unit for the occasion are Bradford, Corry, Erie, Kane and Titusville. A combined open air meeting and parade to the citadel will precede the rally.

Principal speaker will be Brigadier Harris. Special music will be furnished by the Erie Corps Songsters and the Warren Young People's Band.

The public is invited to attend the services and extra seating arrangements are being made to accommodate the anticipated attendance. It was stated today.

FRESH SHIPMENT TODAY
Soft Shell Crabs, Fresh Crabmeat, variety of Lake and Ocean Fish. Blue and White Restaurant. 5-12-11

At 8:46 a. m. Wednesday, instead of the usual hour of 9:15 a. m., the doors of the Metzger-Wright Company will swing open for the annual celebration of its merchandising birthday—this year the 46th.

"Every year at Lilac Time" is the slogan adopted some years ago for this important merchandising event. It is probably safe to say that by this time, hardly an individual in Warren county can think of lilacs without being reminded of the Metzger-Wright anniversary sale.

The lilac shade will predominate throughout the store and in the windows. The girls will wear lilac-colored smocks with the numerals "46" on the front. The display cards and windows will carry out this color and lilacs throughout the store will proclaim this slogan.

This year, the Metzger-Wright birthday gift to its customers will be every 26th and 46th cash purchase free until 12 o'clock noon. In the afternoon every 46th cash purchase will be given free to the purchaser of the article, whether it is 10 cents or \$1,000. Besides this, on the first day of the sale a \$25 war bond will be given to the person who holds the right number. As each person enters the store, he will be handed a sheet containing a number. Some place in the store the winning number will be posted and if that number corresponds to the number on the sheet he holds, he will be awarded the bond. No purchases need be made to win this contest.

As in previous years, the Lilac Tournament will be held. All one has to do is to bring a bouquet of lilacs to the advertising office, fourth floor, where it will be entered in the contest. One may bring in as many entries as one wishes before 3 p. m. Saturday. Disinterested judges will award prizes of \$5 in merchandise or \$3 in cash in each of the following classifications:

1. Largest bunch of lilacs.
2. Most attractive arrangement of all purple lilacs.
3. Most attractive arrangement of purple with white lilacs.
4. Most attractive arrangement of purple lilacs with other flowers.

Lilacs will remain the property of the store.

A third feature will be the lilac marathon, a sales contest among co-workers, lasting throughout the sale with special awards for the winner.

Buddy Poppy Sale Is Set For Saturday

"With our country again at war, wearing the Buddy Poppy becomes more than a gesture of charity—it is a symbol of gratitude to those who have served, and are now serving the cause of democracy," said Commander Leo J. Schuler of Post No. 631, V. F. W. "The existence of a renewed spirit of patriotism gives us every reason to expect the 21st annual V. F. W. Buddy Poppy sale announced locally for Saturday, May 16 will be the largest in the history of the organization," he added.

For the first time, men in the active military service will share with disabled and unemployed veterans, and their dependents, and the widows and orphans of deceased veterans, as the beneficiaries of the Buddy Poppy sale.

A percentage of the Buddy Poppy proceeds will be utilized in maintaining depot canteens, libraries and recreation rooms; distributing utility kits, books and magazines, sweets and cigarettes, and contributing in any way possible to the comfort and welfare of the men in the armed forces.

The national rehabilitation and service program of the V. F. W. also receives a share of the Buddy Poppy proceeds, according to Commander Schuler. With these funds, the relief of want and suffering among unemployed disabled veterans and their families, is undertaken by approximately 3,600 local V. F. W. posts and more than 2,500 Auxiliary units from coast to coast. The V. F. W. National Home at Eaton Rapids, Mich., which provides for the widows and orphans of war veterans, receives one cent from each Buddy Poppy sold.

The annual Buddy Poppy sale is a non-profit project. Commander Schuler emphasized. Disabled veterans in government hospitals who make the little red flowers are paid nominal wages for their work. All workers, as well as executives, are unpaid.

WITH THE CANDIDATES

PROMISES NEW ORDER

Chambersburg, May 12.—(P)—Calling for a "new order" in campaigning methods, Judge Ralph H. Smith promised to "refrain from the use of invective, billingsgate and chicanery."

In an address the Democratic gubernatorial candidate asserted here last night that "I am sure the people are weary of the same old stereotyped campaign promises and nauseated by the type of mud-slinging to which some of the candidates are resorting."

DAVIS SCORES SPENDING

Washington, May 12.—(P)—State legislation to limit the amount of money spent in primary and general elections of Pennsylvania state officials is suggested by Senator James J. Davis (R-Pa.), a candidate for governor. "The amount that may be contributed by any one person should also be limited," Davis asserted in a statement in connection with his campaign for the Republican gubernatorial nomination. "The collection of campaign funds should be strictly accounted for as well as their disbursement."

The Pennsylvania senator is opposed for the nomination by Major General Edward Martin, who has openly declared he has the support of oil man Joseph N. Pew and manufacturer Joseph R. Grundy. Martin has said that Davis was disappointed at not having received their aid.

LETTERS TO TEACHERS

Harrisburg, May 12.—(P)—The state's school teachers received letters today asking their support for the gubernatorial campaign of Judge Ralph H. Smith, Pittsburgh Democrat.

Sent by Nellie Hildebrand Wing, legislative representative for the Pennsylvania Federation of Teachers, the letters said Judge Smith "offers most to teachers." John J. Kane, campaign manager for Smith, predicted an overwhelming victory and claimed "solid labor support" was "largely responsible" for what he called "rush of party leaders to join the Smith movement."

What You Buy With WAR BONDS To win battles you must get there "fastest with the mostest" today as in the time of the stalwart cavalry leader Bedford Forrest. The half-track is the mechanized cavalry of our army today. It has a truck body and front wheels, powered like a tank. One of these half tracks costs about \$11,000 and our automotive factories are turning them out by the thousands. But if everybody in your community buys War Bonds your town could easily buy one or more of these tank powered trucks. They are vital to our army. Buy War Bonds every pay day and help beat your county quota.

School Music Boosters In Busy Session

School Music Boosters' Club members were told at their May meeting, held Monday evening in Beatty school, that it has been necessary to postpone for the duration the project of a community band shell, the delay being made necessary because of wartime restrictions and priorities.

This was the final Boosters' meeting until September 14 and committees presented reports of various phases of the year's activities. A very generous response to the recent tag day was shown in a financial report on that project. Announcement was made concerning the "thank you" concert to be given at the high school tomorrow evening by Director Harry A. Summers and his young instrumentalists.

Otto Peterson was appointed chairman of a committee to handle the sale of refreshments at the annual "Senior Week" band concert at Beatty school June 2.

Mrs. J. B. Leidig, entertainment chairman, presented the following in a very enjoyable program: Trombone solo, "Friends," by Terry Thurn, with Mr. Summers accompanying; trumpet solos, "Le Secret" and "Northern Lights," Harold Knappenberger, Jr., accompanied by Arylene McLaughlin; flute trio, "Reed Dance" from Tchaikowski's "Nutcracker Suite," Nema Glassman, Helen Claire Hulings and David Leidig.

OBITUARY

MRS. IDA MANN
Mrs. Ida Mann, who has spent nearly her entire lifetime around Sheffield, passed away yesterday at the home of her daughter, Mrs. Fred L. Ross, at Corry. She was 78 years of age and had been in ill health for the past two years. She had made many friends here and in a brief residence at Bath, N. Y., as well as with her daughter in Corry.

She leaves two daughters and one son: Mrs. Ross, of Corry; Mrs. Zelma Hackett, of Sidman, Pa.; and Frank Mann, of Sheffield; six grandchildren and 16 great-grandchildren; three sisters and one brother, Mrs. Olive Smith, Kane; Mrs. Sally Mann, Bath, N. Y.; Mrs. Anna Blaisdell, Dallas, Texas; and Will Cosper, Emlenton.

Funeral services will be held from the Borden Funeral Home in Sheffield at 2 p. m. Wednesday.

TIMES TOPICS

TEACHERS SESSION

The executive committee of the Warren Borough Teachers' Association met at the high school Monday afternoon to make plans for the regular meeting, scheduled at 4 p. m. next Monday afternoon. Officers for the coming year will be elected at that time and the guest speaker will be Dr. LaVeria Powers, director of special education in the Pennsylvania Department of Education.

CONSERVING PAPER

An order has been issued by the national headquarters of the Salvation Army that all departments shall conserve writing paper to the fullest possible extent, according to Major B. E. Flinn, of the Warren corps. The order specifies that all letters and correspondence shall utilize both sides of the stationery where more than one page of written or printed matter is involved; also carbon copies. This plan has been practised in England for some time, it was stated.

B'NAI B'RITH COUNCIL

At the meeting of the Northwestern Pennsylvania Council of B'nei B'rith lodges, held here Sunday afternoon and evening with members of Warren Lodge No. 1252 as hosts, the following officers were elected: President, Dr. Leonard Rosenzweig, Warren; vice presidents, Dr. Robert H. Lechner, Erie, Israel Backer, Oil City, and Louis Faxstein, Kane; secretary, Dr. A. A. Kippen, Warren; treasurer, Robert L. Winitzky, Titusville. Speakers were Harold Fishbein, of Kane, and Dr. Hans Krohnheim, of Jamestown. Charles H. Sontag, president of Warren Lodge, acted as master of ceremonies at the banquet in the evening.

TIMES TOPICS

ASK RESERVATIONS

All Columbian Squires going to the convention in Altoona are asked to be at the K. of C. club rooms at 7:30 tonight to make reservations.

TO NAME OFFICERS

The Community Council of Religious Education will meet at eight o'clock Friday evening at the Y. W. C. A. activities building to elect officers for the coming year and transact other business.

DIRECTORS NAMED

At the annual election held at the Y. M. C. A. yesterday, the following directors were named for a three-year term: Dr. O. S. Brown, W. E. Yeager, G. H. Miller, R. W. Mackay, N. D. Paterson and B. W. Knapp.

STONEHAM ALUMNI

Every member of the Stoneham Alumni Association is asked to attend a meeting to be held at eight o'clock Wednesday evening in the community building. The place and other details of the annual meeting are to be decided upon.

STILL AT CAMP LEE

According to word received here from Camp Lee, Va., Elmer Munksgard, Crescent street, is still at that place receiving instruction in mechanized army equipment, having passed his civil service examination and assigned there for three weeks' study.

CORRECTION IN TIME

The annual corporation meeting of the Children's Aid Society will be held at the office in the court house, Thursday afternoon this week, not Thursday morning as was inadvertently printed in Saturday's issue. All members are asked to be present.

CHEMIST TO SPEAK

When members of the American Chemical Society comprising the Pennsylvania-New York western border section meet at the Y. W. C. A. activities building here Wednesday evening, they will have as principal speaker Prof. R. H. Schmidt, chemist and registrar of Akron University.

THANK YOU CONCERT

Director Harry Summers and his instrumental students invite all parents and friends to attend the "thank you" concert to be given at 8 p. m. Wednesday in the high school auditorium. Admission is free and only adults are admitted. The program for this appreciation event will be announced tomorrow.

ARMY CALLS SENATOR

State Senator Joseph Ziesenheim, of Erie, ordered to report May 24 for active duty with the air corps, said today he hoped to be assigned to this territory so he could apply for leave to attend the next session of the legislature. Now serving his second term as a senator, Ziesenheim was a World War flier in France.

ANNUAL MEETING

Part of the northwestern field of the Standard Oil Company of Pennsylvania will greet state executives at the annual dealer's meeting to be held tomorrow evening beginning at eight o'clock at the North Warren Community House. There will be films shown at eight o'clock with a dance to follow for those invited to attend.

CIVIL AIR PATROL

Announcement was made today that members of the local unit of the Civil Air Patrol will meet at the Armory this evening at 7:30 o'clock to attend the class on "Defense Against Gas," being conducted by Fire Chief Douglas G. Kropf for local auxiliary firemen. The members of the CAP will meet at the Armory instead of at the usual meeting place.

FINGERPRINTING

The borough police department is busy fingerprinting men in several of the community industrial plants. Captain Ray Eckardt today stated that Struthers-Wells and DeLuxe Metal plants have just been completed and work has been started at the United Refining Company. Remaining on the schedule at the local police headquarters are Hammond Iron Works and Bradford Penn.

FINAL WARNING

A final warning to dog owners was issued by the borough police department today as a result of a countless number of calls relative to the enforcement of the borough dog ordinance. Pet canines must be licensed, kept on the owner's premises, or in the charge of the owner at all times to comply with the borough order. Any dogs running at large will be taken into custody, with owners being forced to pay fines and costs. Unlicensed dogs will be disposed of.

THREE WEEKS REMAIN

Bicyclists are warned again to have their vehicles registered without delay under the new compulsory bicycle registration order which will be enforced by the borough police the first of June. Bicycles not registered by that time, normally equipped with the required accessories may be taken into custody for as many as 30 days and owners will be ordered to pay fines and costs. Also, traffic regulations which apply to motor vehicles also must be heeded by cyclists under the new regulations, it was stated today.

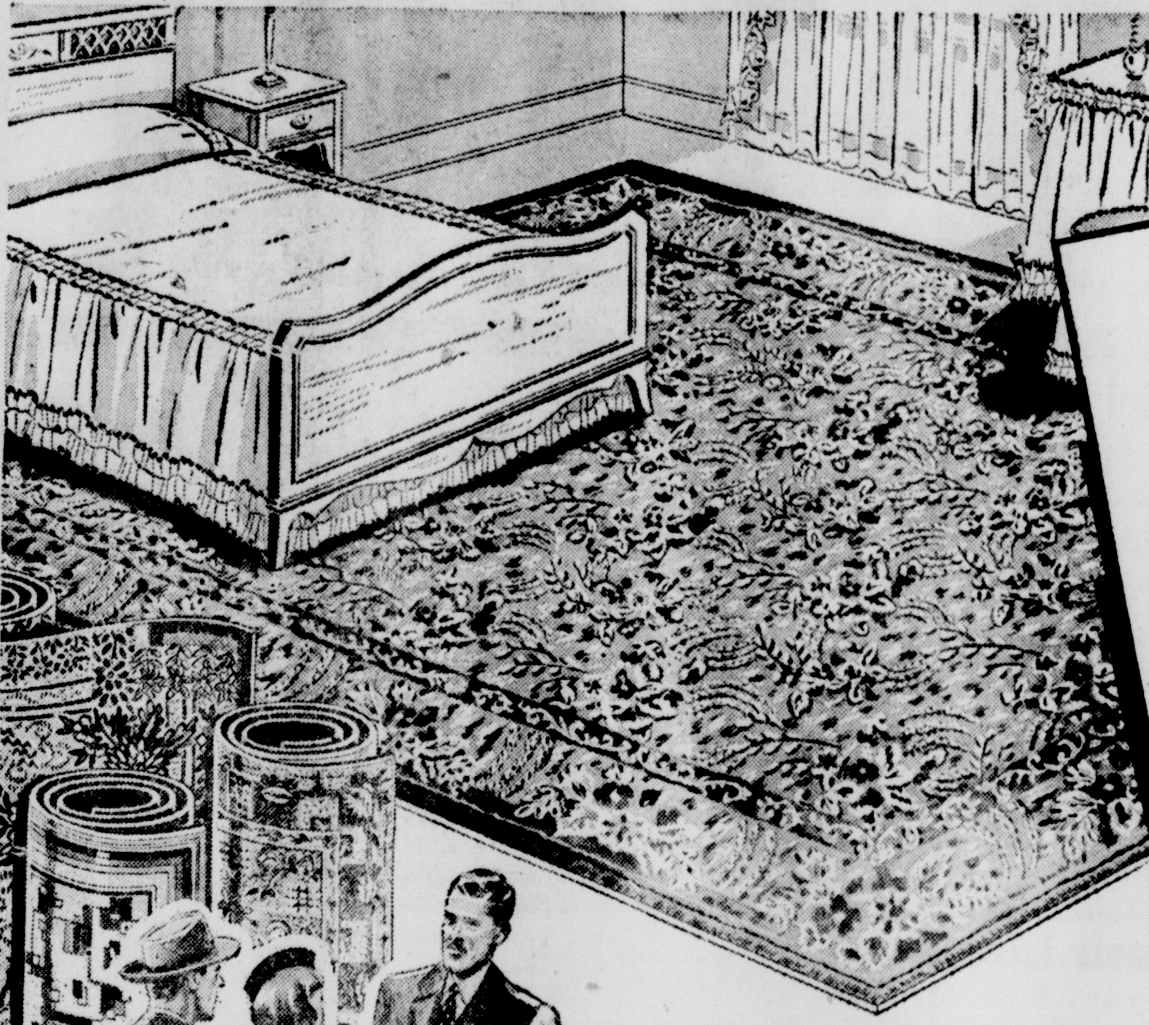

HELD FOR COURT

H. A. Shall, of R. D. 1, Sheffield, yesterday was arraigned before Justice of the Peace Emile Stenger at Kane on a drunken driving charge and was held for court under \$500 bond. Shall pleaded guilty to the charge. He was arrested by state motor police on Route 6 about three miles west of there. Shall in his tipsy driving from Sheffield toward Kane, had forced several cars and a large truck-trailer from the highway and broke a window and dented the door at a service station near Ludlow, police reported.

FILL THAT COAL BIN

An item which appeared on the first page of Mon-
day's issue emphasized the importance of coal users
filling up bins now for use next winter. In no uncer-
tain words Donald Nelson, war production chief, warns
that rationing may become necessary unless consum-
ers' stocks are quickly built up.

The warning comes on the heels of a "Buy Coal
Now" campaign instituted by the State Council of De-
fense a week ago.

The request for full cooperation in the campaign
was made to all county and local Councils of Defense
by Dr. A. C. Marts, executive director of the S. C. D.,
who pointed out that the program is being carried on
with approval and cooperation of the War Production
Board, the Office of Price Administration, the Office of
Defense Transportation, and the Office of Solid Fuels
Coordinator.

The problem is not one of shortage of coal, but
one of transportation, as Mr. Nelson pointed out Mon-
day. Our entire transportation system will be so
burdened with the movement of defense and military
materials by the end of the summer that it will be im-
possible to move the normal amounts of coal for dom-
estic use.

There will not be enough locomotives, cars, coal
ships and barges to supply all the needs of the domestic
market after mid-summer if buyers wait until fall to
order coal. Commercial users, such as laundries, hotels,
schools, apartments, etc., are also urged to place their
orders as soon as they can.

County and local councils in working with whole-
sale and retail coal dealers can promote the "Buy Coal
Now" campaign in many ways, and can also see the
stockpiles of commercial users are checked and that
the purchasing orders for next year's supplies now.

Owners of coal furnaces must buy fuel now for
use next fall and winter. Don't delay!

FAMOUS VOICE IS STILLED

The radio voice known best to millions of listeners
over a long period of years, stilled less than three
weeks because of illness, will never be heard again.
Seldom does the passing of a notable bring more ex-
pressions of sorrow than that of Graham McNamee,
famed announcer for about twenty years.

McNamee's name was synonymous with radio. He
was the first announcer to climb to a plectrum position
of national scale; no other since has attained quite the
same status.

His cheery "Ladies and gentlemen of the radio
audience" had few counter-parts from his start as a
singer back in 1932 on WEA, New York. To his death
he remained with NBC, which he joined at its beginning
in November 1926, when WEA became the Red net-
work key station.

"McNamee had so many firsts—political con-
ventions, World Series, prize fights, football, special events,
studio programs and many others—that a recital of
his accomplishments is a network history," says a New
York writer. His last broadcast was April 24 in his
weekly assignment with Elsa Maxwell's program on the
Blue. He also had been heard in the Blue's former
Behind the Mike series. Of late years he had done little
sports broadcasting, his final appearance being at the
fifteenth Rose Bowl football game January 1, 1941, to
receive a special award.

Among the "Tomorrow's Birthdays" there is one
which invites the participation of every citizen in the
area. Don't fail to plan to join in the 46th anniver-
sary of the Metzger-Wright Company. Congratulations
and best wishes for a very successful observance.

The local V. F. W. Post is completing plans to
stage its annual Poppy Day sale Saturday, an event
which should receive the whole-hearted support of the
entire community.

From all reports those Warren aviators gave an
excellent account of themselves in that simulated mass
attack on the city of Meadville Sunday.

In case your stock is getting low better get that
first ration of sugar before the end of the week.

"Down Under"

WASHINGTON IN WARTIME

By JACK STINNETT

WASHINGTON — "Yoo-hoo, Skinnay—school's out!" used to be the June cry of American youth, but it won't be this year. Commissioner John W. Studebaker's Office of Education has issued this pronouncement: "This summer comes not as a time for vacation but as an opportunity for the schools' pointing up their services toward certain basic objectives highlighted by the needs of the armed forces and of war production."

As President Roosevelt once pointed out, the educators just have to say it the hard way. All that means is that any school that doesn't keep open this summer and contribute its plant and personnel in some way to the war effort is skipping its opportunity to be of important use to the community and the nation.

JUST so those opportunities won't be overlooked, the Office of Education's wartime commission has outlined them and they are worth repeating. For example, schools, which heretofore have gathered nothing but dust and broken windows through the summer heat, can touch off a little T.N.T. under the enemy this year (so the commission says) by offering their buildings and staffs for:

(1) Courses in mathematics, English, social studies and science.

(2) Aviation education—from model building on up.

(3) Training of women and girls for all trade and clerical occupations.

(4) Courses in nursing, nutri-
tion, first aid.

(5) Intensive physical fitness
courses for lads and lassies who
will be up for military training
or war work within the next
three years.

(6) Office of Civilian Defense
(OCD) courses for air raid ward-
ens, auxiliary fire and police
wardens and other OCD jobs as
may be needed in those areas.

(7) Continuation and expansion
of such vocational and agricul-
tural courses as now are offered
under the federal aid program.

THE Office of Education already
is battling out outlines for all
courses suggested in the first six
recommendations. But it is point-
ed out that each local school ad-
ministration must decide its own
needs and adapt its summer
school program so its own com-
munity requirements.

Time was when summer school
was something to be attended by
the laggards who couldn't keep up
with the rest of the class or some
smart Johnny or Mary who
wanted to reach high school or
college at the prodigy age.

The latter may sneak in this
summer—if their particular tal-
ents apply to the war effort—
but there will be no dumb clucks
in this wartime summer school.

The office of education recom-
mends that counselors be ap-
pointed to select only those who
will benefit most and those who
will benefit the community at all-
out military program most by this
special summer school training.

MAN ABOUT MANHATTAN

By GEORGE TUCKER

NEW YORK—Take a day like
today. . . . You couldn't tell
it was going to be any different.
It started out just like any other
day. The sun came up. The coffee
tasted good. The buses were run-
ning. The newspapers were on
the corner stands with their big
black headlines.

As I stood on the corner, wait-
ing for traffic to slow down a lit-
tle, my doctor poked his head out
of a car and said, "Come on."

"Where you going?" I asked
and got in.

"Hospital," he said. "Want to
see a Caesarian?"

I had seen them before but
never one such as this turned
out to be, because it was twins,
and along about ten o'clock this
morning there were two sturdy
lads who hadn't been in that
room when we first went in. I
hate to bore you by telling you of
that the mother named both of
them after General MacArthur,
but she did.

THEN I went down town and
had lunch with a man who
manufactures rum in Puerto
Rico. . . . A lot of his rum, he
admitted, was at the bottom of
the Atlantic, starting the fishes,
somewhere between San Juan
and New York. . . . When he goes
down to Puerto Rico now, as he
does once a month, he flies. . . .
He leaves again tomorrow. . . .
"But right now," he told me,
"my secretary's getting married,
and I'm going to see it, and you're
coming with me."

It was a high noon wedding, at
the Little Church Around the
Corner. . . . The actor's church,
the little Episcopal Church so be-
loved by Broadway. . . .

OUTSIDE, I got into a cab and
drove up Madison to 42nd
street. . . . As I got out, and turned
toward Grand Central, men be-
gan to run toward the corner of
Vanderbilt Avenue, and the cops
blew their whistles, and by the
time I got there, there were 50
standstays crowding around a
man who was lying on his back on
the pavement.

"Get back, you!" the cops were
screaming. One of the cops was
on his knees, opening the man's
collar, trying to pat his wrists.
But you could tell—anybody
could tell—by the blue color and
the grey pallor that came over
his face that it was too late. The
man was dead. Heart attack. Ju-
like that.

I walked slowly back to the
office. . . . Birth. . . . wedding. . . .
death. . . . That's the three great
things in a man's life. . . . and
woman's. . . . I never thought I
see anything like that when I
got up this morning, and drank
my coffee, which tasted good. I
started out. . . . Well, you never
know. . . .

Take the load off his HEART!

To meet the needs of families of the armed forces of
United States who are fighting the battle for democracy in ev-
ery part of the world, the Army Emergency Relief has made avail-
able \$1,000,000.

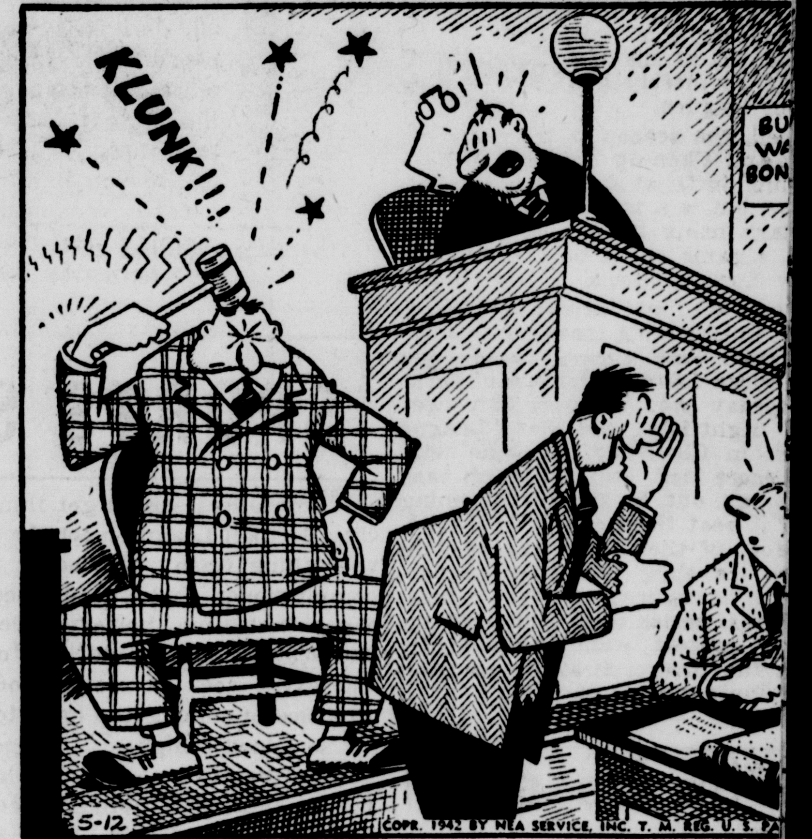

Such was the announcement by Major General William
Haskell, Executive Director of the A. E. R., which was incor-
porated in Washington recently to collect and hold funds to reli-
vise distress of personnel of the Army of the United States and their
dependents. In explaining the allocation of the first million dol-
lars by the A. E. R., General Haskell revealed that this organi-
zation has set up branches, headed by Army officers, in all Co-
Areas and Department headquarters. Sections, likewise headed
by officers, have been organized at all camps, posts and stations.

All that is necessary for soldiers' or sailors' dependents involv-
ed in emergency financial distress is that they contact the near-
est A. E. R. branch or section for assistance, which will be for-
coming as soon as the necessity is verified.

In allocating the first million dollars, General Haskell explain-
ed \$770,000 has been assigned to the nine Corps Areas in the cor-
porated United States, with the Commanding General of each Co-
Area re-allocating a share to each Section under his command.
The allocations have been made on the ratio of soldier popula-
tion to civilian population.

Of the remainder of the first million dollars, General Has-
sack said, the Army Air Forces has been allocated \$220,000; the Pu-
erto Rico A. E. R. Branch \$5,000; the A. E. R. Branch in Hawaii \$3,500;
the War Department A. E. R. Branch \$1,000, and the West Po-
A. E. R. Branch \$500. Further allocations will be made as ad-
ditional funds are received by the A. E. R.

Rookie Les Fleming Hits Home Run as Indians Win

RAVES EDGE PHILS, 3 TO 2 IN NATIONAL

BY JUDSON BAILEY
Associated Press Sports Writer
ordinarily anybody who can hit .414 in a Class A-1 minor league can expect to have flags flying and bugles blowing for a ceremonial cross-over of the major leagues' threshold.

Les Fleming hit .414 for Nashville in the Southern Association last year and was gunning for a record with an average of .414 until he was blanked in a plate appearance on the final day of the season. He batted .678 in the playoffs and .470 in the Dixie Series.

But Fleming was greeted with a home run when he undertook to be the regular first baseman of the Cleveland Indians this spring. He said he was too short, clumsy to field his position and had occasional such as a game fall when Fleming lost his juggling a teammate's throw barely managed to hold his in his bare hand.

His stratospheric average, and 29 home runs, didn't count, he said, because Nashville was a seriously short rightfield fence. A lot of his hits down there would be merely long flies in the outfield.

Well, the season is a month old, and Fleming not only still is leading forth at first base for the Indians, but is a vital reason for the team being in second place in the American League and one of them today was a home run over the rightfield wall at League Park in Cleveland. It came with the score tied, two matches on base and two out in the ninth inning. It beat the Detroit Tigers 8-6.

Most of the major league clubs were traveling yesterday preparing to inaugurate another inter-league series today and only one contest was scheduled. In the Boston Braves nosed out Philadelphia Phils 3-2.

SPORTS SPATTERINGS

Softballers should get things under control this evening when the City Softball League meets in the T-M editorial rooms. Only reason everything wasn't decided at the initial get-together was because no commissioner could be decided upon and umpires were scarce. Since that time, however, we've received the willing appearance of Joe Waples, who would like to handle some contests this summer. The extra week gave other softballers a chance to think over the possibilities of joining the league, too, and perhaps there'll be another team or so added tonight. In regard to this row over managers in organized baseball not being allowed to dispute balls and strikes, a new ruling getting a thorough once-over, we have only to say that since the beginning of O. B. this has been the policy and baseball has survived. Arguing delays the game, yes. It brings about no favorable results, true. But still, the crowds have never turned against the tradition of managers exercising their lung power by tearing down the umpire for a close one. Baseball has survived, and probably will last a lot longer than this new rule. The "Y" tennis courts are in good condition now, how about your tennis rackets and balls, players?

Your agent would like to see a good representation on the part of fans and players alike Thursday evening when the initial Sunset League baseball meeting is called. If we're to get anything under way which will eventually bring baseball back to the community this summer, things must be organized without further delay. If the league could be set to open fire by Memorial Day, things would be great. In the meantime, there are only 101 problems to solve, so would a mathematics teacher mind coming to our assistance? Referring to the meeting once again, we'd like to see every manager present and if this is not possible, to at least have his team represented in some way. There are lots of possibilities of making the Sunset League really interesting once it gets started, but let's not start dreaming. Nevertheless, to look back over the old records and see the sport pages, it gives this scribe the urge to at least try and promote such a league again, to give youngsters and veterans some recreation, to give fans some entertainment. That's why we appeal to every baseball fan to help put this campaign across.

SINGLE GAME MARGIN WINS LOOP HONORS

With the pennant hanging on the third game point, Kinneer's Office Supply ended one of the closest Arcade Industrial League bowling races in the history of the circuit last night as they nipped Bob's Barbers 3 to 1, by way of a 900 to 867 count in that final offering, and wrested the crown for which two other teams were frantically grasping.

Finishing one game behind the winners in the final standings were the Times-Mirror, winners of three points also last night, and the Forge Shop, who lost out at the final line by losing four in a match rolled Friday evening.

The Publishers, despite the fact they had to be content with a share of second place, had high team total last night with 2795. Mike Bleech leading the way with 615. Chuck Stephens pounded out 611 for Butter Krusts in that early match with the Forge Shop, up to now not reported, and "Coxy" Loggen fired the same score for Kinneer's to hand them the hunting.

At the Elks the South Side Market continued its quest for the E. P. O. E. kegging laurels as they took two of three games from Rasmussens last night, mainly as a result of Myron Check's 575 total, collected majestically on second and third games of 202 and 201, which games the Marketmen claimed. Ane Pileggis remained in the running with an easy two game victory over the National Transit 847 to 827 and 858 to 813. Honor roll scores last night: Arcade-Pettitt 212; Joy 232, M. Bleech 228, Aumer 215, Tritt 213, Tingwall 212, Logan 213; At Elks-Kyler 214; At Penn Bowling Center-(Practice game scores)-Jr. Raleigh 213, Mrs. Hand 182. Team scores:

Blacks Defeat Smiths, 5 to 4 In 11 Frames

Teams No. 3 and No. 4 battled through 11 innings in the four-team high school intramural league last night on Russell Field before the former outfit emerged victorious, 5 to 4, in a terrific tussle that featured a brisk pitching duel and paradoxically slugging.

Bennett, tossing for Team No. 1, captured by Ted Bleach and Urbanski, who took the mound for Martin Smith's Team No. 4, went the distance for their respective crews, and two runs in the eleventh for Team No. 1 finally settled the issue, though their victims tallied once in the last half of the inning.

Hildebrand Assigned By Pirates to Albany

Pittsburgh, May 12 (AP)—Oral Hildebrand, the central figure in a baseball deal which saw him refuse a chance to come back to the major leagues last year, has another decision to make—whether to report to Albany, N. Y., in the Eastern League.

Pittsburgh Pirate officials announced yesterday they have relinquished all claims to Hildebrand, former star with Cleveland and New York in the American League and have assigned him outright to Albany.

Many Entries Being Received for Event

New York, May 12 (AP)—Enough entries for the Hale American National Open Golf Tournament were received in Monday's mail to boost the total to 446 and Joe Dey, executive secretary of the USGA, predicted there would be 1000 contestants by the time the books close tomorrow.

Lawson Little's entry was among the latest received.

Dorazio Cops Split Verdict In Bobo Bout

Philadelphia, May 12 (AP)—Gus Dorazio's latest job of spoiling a young heavyweight's title hopes—a stunning upset over Pittsburgh's Harry Bobo—so elated the battle-scarred veteran he's clamoring for another shot at Joe Louis.

The squat little Italian crouched and clouted his way to a split decision over the towering negro in 10 furious rounds last night at the arena and probably knocked Bobo out of three juicy fights he had lined up this summer with Mello Bettina, Bob Pastor and either Buddy Baer or Lou Nova.

"I want those fights, now," puffed Dorazio. "I deserve 'em. And then I want Louis. I could beat him the same way I beat Bobo." Outweighed 191 to 205½ and on the short end of 3 to 1 odds, Bus befooled Bobo by weaving and bobbing and crashing in with powerful body blows. He used the same tactics against Louis 15 months ago but the champion straightened him up and out—in the second round—to end that engagement.

Dorazio weathered two staggered first round punches of the caliber that floored Lem Franklin last month, came back in the third to send Bobo reeling to his corner in a daze and closed his right eye in the sixth.

The Fighting Deacon connected with his Sunday punch in the eighth and knocked Dorazio halfway through the ropes. He kept punching while Gus was hung up and the crowd of 8,000 boomed. Referee Irving Cutcher awarded Dorazio the decision when the judges disagreed. It was Dorazio's second victory in three bouts with the Pittsburgher. All were decisions.

Jimmy Grippo, Bettina's manager, watched the battle and promised Dorazio a June fight with his boy unless Mike Jacobs signs Betty for a title bout with Louis this summer.

CITY LOOP PILOTS MEET THIS EVENING

City League softball managers will meet in the T-M editorial rooms tonight to make final arrangements for the coming softball season.

Four teams are already in the loop and possibly another will be added tonight. The meeting starts at seven o'clock, promptly.

NO SHORTAGE YET OF GOLF BALLS, CLUBS

Golfers at the Conewango Valley Country Club have not been pinched as yet by the shortage of golf balls and clubs, according to Pro Harold Smith, who stated that he had an adequate supply of both on hand for the 1942 season.

"We have, however, been rationing caddies," the local links tutor said, "and we'll be glad to give bag-toting employment to a number of new lads. I suggest that boys between 14 and 16 years of age who would like to caddy this summer get in touch with me or the caddy master at the club."

The week-end saw many golfers on the local layout which is in excellent condition, and it is expected that a large crowd will play in the Thursday afternoon tournament and attend the dinner which follows.

This week's play will be a Four-Ball Best Ball Kickers' Handicap, and in addition all club members will be eligible to enter a putting event which will be run in conjunction.

Summer Title Match Off for Billy the Kid

BY SID FEDER
New York, May 12 (AP)—The puny Billy Conn landed on his father-in-law's head in a fight that started out as a "kiss-and-make-up" feast, may cost the Pittsburgh Pretty Boy a cool \$125,000 or more.

That's what he could have expected as his share from his planned late June or early July fight with Joe Louis, which veteran fight men figured would have drawn at least three-quarters of a million dollars. This tussle is off now, because the punch broke Billy's hand and put him out of action for ten weeks or more.

Of course, Promoter Mike Jacobs says Billy'll get a return shot at the Bomber in September, but no one knows whether it'll be as "hot" an attraction then or whether conditions will be such as to permit these two soldier boys to hold a big outdoor fight. Meantime, the June or July title chance goes to someone else, probably Robert Foster in New York, Cleveland or Chicago.

Billy was back at Fort Wadsworth today taking up his Buck Privating where he left off before going to his Pittsburgh home for the christening of his month-old son, David Philip. It was only a few hours after that ceremony Sunday that his father-in-law, former National League Outfielder Jimmy Smith, summoned Conn through a friend to the Smith home to straighten out their differences.

Secret Orders

Chapter 29
Bound And Gagged

THE events of the next few moments sped past like moving pictures. The film being turned too fast. Her warning gave Kurt time to turn, lunge as Henri fired. There was a terrific struggle as the two men crashed to the deck. Then, paralyzed with horror, she saw two men leap from the pilot house, saw the blow that felled Kurt, heard the dull thud of his body as it slumped to the deck.

"Kurt! Kurt!" she screamed, trying to fight free of the arms that held her captive now. "Take them both below," Henri panted, getting to his feet. "Tie them up—tight."

"You've killed him!" she said. "Shut up. Get below." Then, nervously, she faintly felt it coming, felt the deck, the grim figures, the railings whirl dizzily as she went down into unconsciousness. Her last sensation was the cruel whack of the deck against her cheek.

She lost all track of time then, later, she finally fought her way back to consciousness through a nightmare of burning hot desert, of parching thirst, of stifling sand. Slowly at first, she took stock. A gag cutting cruelly at her mouth, ropes biting into the flesh of her wrists and ankles. It was too dark to see more than the feeble reflection of water through a small porthole just on the level of her shoulders when she managed to sit up.

Registration For Gasoline Rationing Under Way

(From Page One)
"Pleasure driving is out but there is plenty of gasoline for business," T. Elmer Transeau, state rationing administrator, declared.
School teachers and volunteers, who last Thursday wound up listing millions of sugar consumers, conducted registration of the more than one million motorists in the ration zone of the state, bounded on the west by Tioga, Lycoming, Clinton, Centre, Blair and Bedford counties, all in the restricted use zone.
West of the line of demarcation are 25 counties which have been freed by federal orders of restriction on gasoline purchases because of surpluses in that area.
Motorists applying during the three-day period for ration cards, which must be used to buy gasoline in the restricted zone during the 47 days from May 15 to July 1 will be classified as follows:
"A" card, allowing 21 gallons of gasoline for non-essential driving.
"B-1" card allowing 33 gallons; "B-2" card, 45 gallons, or "B-3" card, 57 gallons, for motorists who use their cars in their work. Their daily mileage will determine which of the three classes they belong in.
"X" card for "essential" users of gasoline—good for unrestricted purchases.
Motorists were warned that not more than five gallons of gasoline may be stored and has to be in approved safety containers.
The State Council of Defense urged auto-owning families to find fun and exercise in their own neighborhoods through informal games, picnics and other group entertainments.

Jap Column Turned Back by British

(From Page One)
Chungking, May 12.—(P)—The main force of a Japanese invasion column which struck deep into China's Yunnan province has been driven back to the Burma frontier at Wanting, but heavy fighting continues with remnants of the shattered enemy in the Chefang-Mengshih area, a military spokesman said today.
Chefang is 25 miles inside China on the Burma road. (Mengshih apparently is nearby although it is not shown on available maps.)
Other Chinese forces which had been by-passed in central Burma, continued their advance in which they captured Maymyo and drove to the outskirts of ruined Mandalay, moving northeastward in an effort to block the Japanese retreat.
Still another Chinese force in central Burma continued an advance northwest from Mandalay and reached Mawla, the spokesman said.

More Than 500 Aboard Are Rescued

waves of German bombers sank three out of four British destroyers caught in the eastern Mediterranean north of the Gulf of Salum, the Italian high command announced today.
"Two of the enemy naval escort planes were shot down," the high command said.
This action was part of aerial activity described as intense over the Mediterranean and North Africa.

Light Buying Rules Day On Stock Market

BY VICTOR EUBANK
New York, May 12.—(P)—Buying tended to fade in today's stock market and light profit taking on the two-weeks recovery cut fractions from many leaders.
Except for a few sizeable blocks of low-priced issues, turnover was relatively small. Attempts to stretch out the advance met with opposition at the start and, while scattered specialties clung to modest plus marks, fractional declines were widely distributed near the fourth hour.
Brokers suggested the better brand of war news still was an anti-selling argument but that this influence seemed to have lost some of its driving force. Business and Washington developments provided scant speculative and investment inspiration.
Bonds were mixed and commodities generally lower.
Among stocks Twenty Century-Fox came out on trades of 1,000 to 6,000 shares and Packard opened on a 1,600-share transaction. Both were about unchanged. Off most of the time were U. S. Steel, General Motors, Chrysler, Great Northern, U. S. Rubber, Kennecott, duPont, Westinghouse, Boeing, American Telephone and Woolworth.

Martini Negotiations Near Break

power in Vichy a month ago was accompanied by reliable reports that he was considering a grandiose campaign to "reconquer" (presumably with German assistance) the French colonial possessions now in British and Free French hands.
In this connection it was noted that Laval yesterday conferred again with Takonobu Mitani, Japan's ambassador to Vichy.
There still was no official word of the reaction in Martini to the American proposal laid before Admiral Georges Robert, French high commissioner there, by the American mission last Saturday.
State department officials refused to comment on Berlin reports that the United States had "demanded" demilitarization of French warships at Martini and establishment of American garrisons there.
